ANSEL M. EASTON STRONG FOR THE ROAD BOND ISSUE.

SAN MATEO, March 12—Angel M. Easton, one of the largest property owners of San Mateo county with extensive interests in San Francisco, addressing the good roads executive committee last evening, stated that the good roads bond issue to be submitted to the voters on April 8 is one of the most important matters in connection with the Panama-Pacific Exposition and the future growth of San Francisco, and that San Franciscans should assist in every way to secure the passage of the bonds.

Easton pointed out that the peninsula is the only land approach to San Francisco and that with the development of the county that will follow good roads, thousands upon thousands of visitors will ride or drive or motor through some of the most beautiful bits of scenery in America. He states that the reputation of San Francisco will suffer and that the pleasure of visitors to the exposition will be minimized unless the roads are in good condition in 1915.

"In the period from now until the opening of the exposition," said Easton, "providing we secure the passage of these bonds now, San Mateo county will develop into a garden spot and a pleasure ground that will prove not the least of the attractions to exposition visitors. The beauties of this county have never been exploited—have not even been seen because we have never had the roads to attract tourists. If we do not secure the passage of the bonds now we will not be ready for the exposition and will lose our greatest opportunity.

"It should become the personal duty of every person in this county to work for good roads because they are working for their own future. The passage of these bonds means almost as much to San Francisco as to us and it should be the duty of public men in the metropolis to use all the influence they have to secure a full vote for the bonds on April 8. Many San Franciscans pay taxes here and are influential in various ways. These should take an active part in the campaign to secure the passage of the bonds.

"The increase in taxes is insignificant—less than 30 cents on the thousand and reducing each year This investment will more than repay itself in a very short time with the benefits to be derived from a system of good roads throughout the county and connecting with San Francisco.

"I shall certainly urge all my friends to vote for the bonds and do my best to secure a record vote so that we may show our progressive spirit."

NEW REALTY COMPANY TAKES OVER VALUABLE HILL TRACT

Sequoia Terrace Realty Company, promoted by Dr. G. Borden Yount, has received a deed to 112 acres of foothill land just west of this city. This new tract which is known as Laurel Terrace is the nearest wooded foothill property to Redwood City. It is covered with beautiful trees, chiefly laurei. It will be subdivided into villa homesites and placed on the market in the near future.

The title to the property has been cleared by Judge Edw F. Fitzpatrick of this city and Richard Barret of San Francisco, attorneys for the newly-formed realty company.

Rebekahs Have Enjoyable Meeting.

At one of its most enjoyable meetings Tuesday evening Olive Branch Rebekah lodge entertained the president of the Rebekah assembly, Jean A. Egan of Sacramento. Over sixty members were in attendance and the initiatory work was done. A feature of the evening was the presentation of pins to the following past officers: Dora Wilson, Alice Mansfield, Julia Einstein, Carrie Steinberger, Kate Stott, Sallie Nelson, Sarah Wentworth, Emma Bement, Sophie Offermann, Louise Bettin, Fannie Rogers, Irene Stilleson, Mamie Glennan, Mary Klocksen, Mary Lorton, Anna Neuman, Ellen Mero, Fannie Lovie, Lillian Fox, Pauline Hexner.

Boiler Explodes at Tannery

A large copper boiler at the Frank tannery, used for melting tallow, exploded Saturday afternoon making a deafening report and partially wrecking the building in which it was located. The accident was due to improper heating connections. F. Lang, a tanner who was working near by, had a close call from injury from the flying fat. He fled, but not in time to escape a number of bad burns. The damage will not be expensive and the managers of the company are thankful that no one was seriously injured.

Oil Damages Oyster Beds.

The oyster beds about the Dumbarton bridge are being damaged by refuse oil according to reports made to the state game commission. The damage within a few years amounts to over $150,000, and unless the oil companies x are restrained from dumping their refuse on the bay it is said that all the oyster industry south of San Francisco will be ruined as it has been in the northern end of the bay already.

MISS KITSY BUCKHOUT IS BRIDE OF CIVIL ENGINEER

Miss Kitsy Buckhout of Palo Alto, a former popular resident of this city, surprised her many friends by becoming the bride of Chester A. Boggs, a surveyor of Susanville. The ceremony was performed in Redwood City at 12:30 o'clock Sunday afternoon by Rev. C. H. Stevens of the Congregational church.

Although Miss Buckhout had been engaged to Mr. Boggs for the past year and a half, she guarded her secret closely and the news of the marriage came as a happy surprise to the members of her family and her many friends in Palo Alto.

The bride returned to her customary position in Mendenhall Company's store, at Palo Alto Monday morning and will remain there for another week in order to give her employers an opportunity to make arrangements for filling her place. Her husband went to Nevada on business, but will return in a week or ten days.

COUNTY DEMOCRATS MEET AND ADOPT RESOLUTIONS

The Democratic County Committee held a meeting at the office of M. J. Conway in San Mateo Saturday afternoon at which there was a fair attendance. The following resolution was adopted:

"Resolved, that we the Democratic County Committee of San Mateo county congratulate the people of California upon the successful inauguartion of President Wilson and Vice-President Marshal, and that we particularly appreciate the appointment of W. J. Bryan as secretary of State, and also of our own Franklin K. Lane to the cabinet position of Secretary of the Interior.

W. J. McGee of Jackson, Cal., was endorsed as Assistant U. S. Treasurer in San Francisco, and J. F. Ford and H. F. Butts were recommended for any Federal employment they may seek.

TONY OLMOS A MURDERER

Mrs. Mary Regis is dead and Tony Olmos who fired the shots that caused her death, and immediately afterwards attempted to take his own life, is an inmate of the county jail at San Jose, though painfully wounded. The shooting took place at Palo Alto Friday night. Both Olmos and his victim are well known in this city which had been their home for many years. Olmos who was angered because the woman would not return to him, fired two shots into her body, and then shot himself twice in the breast.

Olmos went to the house of Mrs. Frank Caniepe at Palo Alto Friday, at which place Mrs. Regis was living, presumably to patch up a quarrel he had had with Mrs. Regis a few days before as a result of which she had left him. He asked those present to leave the room, jokingly asserting that he intended to kill them all. Mrs. Caniepe left the room, taking the young daughter of Mrs. Regis with her. Olmos fierd four shots, two taking effect on Mrs. Regis as she attempted to run from the room. He turned the weapon on himself.

Olmos and his victim were hurried to the Peninsula hospital where Mrs. Regis passed away Sunday morning. The autopsy showed that death was caused by the bullet which entered her breast, penetrating the lower portion of the heart. The other bullet entered through her left arm, penetrating the lungs and breaking two ribs. The fact that she was not killed instantly is considered remarkable.

Monday Olmos was removed to the county hospital at San Jose, and yesterday the physicians notified the sheriff that he was well enough to be taken to jail. He has been charged with wilful murder.

Mrs. Regis deserted her husband about three months ago in this city, going to Palo Alto. Her three children, ranging in age from 3 to 10 years, were placed by Superior Judge Geo. H. Buck in homes here and Mrs. Regis took employment as a seamstress. She was living with Olmos until their disagreement a few days before the crime.

Mrs. Regis' three children will be taken care of in San Francisco, where the father is employed as a gardener.

The house of David Solari, the vegetable man, was entered by burglars Saturday night while the family was absent and $75 and a lot of valuable jewelry taken. The sheriff has been working on the case and has one or more parties under surveilance.

CAPITALISTS WILL EXPLORE PENINSULA IN QUEST OF OIL

A thorough and extensive exploration of the entire peninsula region has been ordered by interests identified with the oil industry in the west end of the San Joaquin valley. The search will cover the entire section of the valley between San Mateo and the Santa Cruz mountains and on the coast as far south as Monterey bay. Unlimited capital is to be spent in the work in the hope that a brand new oil field may be developed.

Indications of oil are quite pronounced on the coast side of this county and attempts at development of the oil industry have met with varied success.

The fact that for twenty years money has been sunk in non-paying oil wells in this section has not discouraged the proposed search of the San Joaquin valley oil men, and it is the coming of these large operators which makes the finding of profitable oil fields in this valley possible. C. N. Thorup, who represents large oil interests in the center of the San Joaquin valley oil section, is one of those who believes that the oil belt of the west side of the San Joaquin is not bounded by the hills, but that it underlies the whole region to the coast. That large deposits of oil underlie the coast range and the bay country, as well as the Santa Clara valley is the firm belief of these prospectors.

Enters Naval Service

Chris G. Uhlenberg, the eldest son of C. M. Uhlenberg, has resigned his position as bookkeeper in the Enterprise Foundry in San Francisco to take a position as clerk on the Transport Thomas. Last Saturday evening his young friends to the number of twenty-five gathered at his home and gave him a farewell surprise party. Monday he began his new work and at the end of this week will sail for the Orient to be absent several months. His position will enable him to see an interesting part of the world, besides he will be well paid.

CITY OFFICIAL PAPER

FOR HUMAN WELFARE.

One of the lines along which the future publicity campaigns of the Republican party might well be directed would be a rehearsal of the party's record in the securing of legislation for the betterment of human conditions. It has been charged that the Republican party is selfish, sordid and unsympathetic, yet the fact is that it has done much for the advancement of human welfare.

The Republican party has placed laws on the statute books making possible the abolition of the "white slave" traffic; it has added to the safety of miners; it has improved the working conditions of the sailors on American merchant vessels; it has established an eight hour day for laborers on Government work; it has established a bureau which is endeavoring to ameliorate the condition of children who are compelled to work, and through the safety appliance act it has removed many of the dangers which have menaced the lives and limbs of railroad employees. These are but a few of the things which it has accomplished for the betterment of the condition of the great mass of toiling humanity, and which is a demonstration of the fact that the party is not wholly in the hands of Mammon.

The Republican party has undoubtedly been chastened by defeat, but it is neither dead nor discouraged. Its leaders are awakening to the fact that the inevitable trend of events will not only make it a vital factor in the next campaign, but that it has more than an even chance to win.

Advised to Make Up.

When a husband forswears the freedom of club life to invite his wife to participate in pleasant afternoon of tennis and frequent rubbers of bridge it is ample proof that he has been a devoted paterfamilias, according to Alfred Lee Graham, San Francisco business man and clubman of San Mateo, who is opposing the suit of Erma Rand Graham for divorce.

To controvert the testimony that he had been cruel to his better half, Graham produced witnesses to show that his home life had not been irksome. O. Boldermann, C. K. Melrose and A. Boldermann, fellow clubmen of the husband, told the court that they had witnessed many tennis matches and bridge games in which both Graham and his wife had taken part.

In support of her charge of cruelty Mrs. Graham had several servants thestify that her husband had been brutal to her and that an irresistible longing for freedom had made his home life irksome.

After hearing all the evidence, Judge Geo. H. Buck gave both parties to the suit a sound judicial spanking, telling them to go home and "make up." Immediately after court adjourned friends of the estranged couple began efforts to effect a reconciliation. The Grahams have three children.

China Charley Dead.

Charles Mon San, better known as "China Charley" died at his home here Thursday after a lingering illness caused by consumption. The deceased was a native of California, aged 58 years. He had resided in Redwood City for nearly forty years and was well liked and respected. His mother was a Chinese woman and his father a native of Italy. Charley did not associate with, or recognize the little brown men. Many years ago he followed the occupation of a market hunter and shot ducks and geese on the local marshes, every inch of which was familiar to him. Of late years he had been employed in the Frank tannery. He was an industrious, good natured man, well liked and respected by his companions. The funeral took place from Crowe's undertaking parlors yesterday afternoon. Interment was in Union cemetery. Shortly before his death he made a will bequeathing his entire estate, valued at about $1100 to Louis and Geo. Genochio in equal shares. These young men were his friends and administered to his every want during his last days.

Fight the Mosquito.

During the summer season, or the months in which there is no frost, a period during which the mosquitos thrive and are the source of the greatest amount of mischief, every possible effort should be made to prevent the development of these spreading insects. It has long been known that the malaria-carrying mosquito requires water for its development. Hence, stagnant water in any quantity, large or small, should never be allowed to exist in the vicinity of dwellings. When the water cannot be removed by drainage or otherwise, it can be covered by a thin film of kerosene, which effectually prevents the development of the mosquito embyro. One ounce of kerosene will effectually cover fifteen square feet of water surface. MRS. SQUIRES.

M. H. Lawson has purchased a business location at Salada Beach and is preparing plans for a building which will be occupied as a grocery store.

New Acreage Subdivision.

A tract of land, lying immediately west of Nevada street, will shortly be put on the market by Baldwin & Howell. The street and sewer construction is now going on. Hopkins avenue has been extended west to a point where it intersects with the Alameda de Las Pulgas; the latter having been extended from where it intersects with Whipple avenue in a southerly direction reaching Myrtle street at a point where the latter intersects Brewster avenue.

Some time ago Hooper & Co. placed on the market a tract of land known as Eagle Hill Villas No. 2. This subdivision provided for a continuation of Myrtle street along the foot of Eagle Hill over to Jefferson avenue, from there on travel on Alameda de Las Pulgus will go on to Lowell stree crossing Rosevelt avenue, continuing on over Arlington avenue, Valota Park, until it meets the Woodside road, so that from now on the foot hill boulevard, known as the Alameda de Las Pulgas will be a reality.

The tract to be put on the market by Baldwin & Howell will be known as "Redwood Heights", will cut up into from 1 acre to 5 acres. The tracts will be provided with sewer, water, gas and electric lights, and will fill a long needed want for beautiful acreage property within walking distance of the depot.

Goes to San Francisco.

Charles Roller, for many years connected with the James Crowe undertaking parlors, will leave today for San Francisco to engage in business and to permanently reside. He has abandoned the project of establishing undertaking parlors here. Mr. Roller and his wife have for several years been identified with the social interests of the city, taking an active part in all the affairs that furnished entertainment to the citizens. Mr. and Mrs. Roller carry with them the very best wishes of the people of Redwood City for a prosperous career in the metropolis.

Special Service at M. E. Church.

Saturday night the University Glee Club of the Palo Alto M. E. church will sing at the service. Sunday at 11 a.m. there will be an illustrated talk to children; in the evening at 7:30 Rev. W. C. Evans, D. D., district superintendent, will preach. There will be services every night next week at 7:30. The music is in charge of Chas. M. Cadman of Alameda. Mr. Cadman sings the gospel with a voice that is always pleasing, but better than that he sings with his whole soul. He sings every night. Come, bring your friends and hear him.

SAN BRUNO NOTES.

J. H. Smith, who resides in San Bruno proper and has been connected with the office of the railroad commission, with his wife, took his departure for Oakland, where he formerly resided.

Automobiles were out last Sunday, the number reaching into the thousands, enjoying the stretch of the new highway now open for traffic. Three of the number could not resist a whack at the 25 mile limit and were gathered in by motor cop George Lorens and deposited bail for their appearance in court.

The many friends of Mrs. A. C. Babkirk, of the third addition, are glad to welcome her home again. Mrs. Babkirk suffered a severe injury in an automobile accident in San Francisco about eight months ago.

Born, to the wife of George Wight, Jr., a 10 pound son. George is the recipient of congratulations from many friends and relatives. Although George is not a heavyweigh, from an avorduPois point of view, he is proud that his young son belongs to the heavyweight class.

All Woodmen should sign up now, for when the charter is closed a medical examination will be necessary and possibly a fee will be required.

The name of J. J. Hearne has been launched for the office of school trustee by his many friends. In this case it is the office hunting the man. Logically and geographically the selection of trustee should come from the north end of the district. The north end contributes a large attendance of pupils and the parents feel that a representative on the board should come from that locality. Mr. Hearne has resided in the district for five years and his qualifications are unquestioned. In the selection of Mr. Hearne the school district would have an insistent and tireless worker for the advancement of education.

At last San Bruno is to come to her own. The knocker has taken his departure and the pennant of progress is firmly nailed to the mast. A permanent organization of the central committee of the affiliated improvement clubs was completed last Wednesday night. A constitution was adopted and the following officers elected: William Flynn, fourth addition, president; Geo. Edwards, third addition; vice president; J J. Hearne, fifth addition, secretary; D. J. Mayer of San Francisco, paid us a flying visit last Sunday afternoon, having run across the bay in their speedy launch the "Gale" The happy couple were recently married in San Francisco, and have just returned from their wedding trip spent in the southern part of the state. Both Mr. and Mrs. Coward have quite a circle of friends here who extend to them their best wishes for a long and happy married life. It is predicted by those most intimate with Mr. Coward, that if he guides Cupid's bark over the sea of matrimony as successfully as he handles the helm of his flying motor boat, the union just made will be fraught with much pleasure prosperity, and it is to be hoped that, in the years to come, a goodly number of little Cowards will gather around the fireside to listen intently as the story is told to them in whispers of how that venerable pilot, Guy P. Hull, alone and unaided, brought the "Gale" from Redwood City to Alvarado through a blinding typhoon which had been driven in from the Asiatic Coast, many, many years ago.

Rolph's Mountain Ranch.

COUNCIL APPROVES CONTRACTOR'S WORK

Resolutions Adopted by Trustees Declare Street Work Fully Up to Specifications.

At the adjourned meeting of the City Council Thursday evening the long pending investigation of rumored imperfections in the street paving recently completed by A. Teichert & Son was finally disposed of by the adoption of the following resolution, which was offered by Trustee Hynding, chairman of the street committee of the council and who had been named as a member of the committee of investigation:

"This board having instituted and conducted a hearing in the matter of possible complaint regarding the construction of certain oil-macadam roadways recently laid down in Redwood City by Teichert & Son, contractors, and it appearing that said work was executed in a thoroughly careful and and workmanlike manner, and there being no evidence of unsatisfactory execution of said work, either as to workmanship or as to the quality or or amounts of material used, it is the conclusion of this Board that said work has been completed in faithful and substantial compliance with the terms of the specifications and contract under which it was done, and said work is hereby accepted."

All of the trustees were present at the meeting and before this resolution was adopted the entire question was again gone thoroughly over. While the special committee of investigation presented no written report, Attorney Archer Kincaid for the committee made a verbal statement of the results of such investigation as had been made. This statement brought out nothing new, being confined almost entirely to a discussion of variations in the height of the crown of the finished roadways,. a matter which has at the instance of the engineer in charge of the work with the approval of the trustees for the purpose of overcoming the difficulties of the drainage problem presented by the level surface of the district. It was admitted that some few imperfections had been found, but it was shown that the contractors stood ready to remedy these as soon as weather conditions would admit of the work being properly done. Chairman Merrill called the attention of the committee to shortages in the amount of material used, expressing regret that this had not been done, as in the the failure to investigate alleged opinion of the council this was the only question of importance.

After the adoption of the resolution of acceptance Trustee Hynding offered a motion that the commendation of the council be extended to A. Teichert & Son for the thoroughly satisfactory work done by them in the construction of the streets and for the spirit of fairness that they have at all times shown in connection therewith. New Edison Phonograph.

Edison's Disc Phonograph, the very latest invention in the line of talking machines, is the acme of perfection. Fred Lippman has just received on of the instruments and to hear it is to be more than ever convinced of the truth of the saying, "Music hath charms." Every note reaches the ear with as much clearness and beauty as though the performer were really present, there being no grating sound of any kind to mar the tone.

Both the instrument and its records are absolutely indestructible, and no change of needles is required, the phonograph being operated by a diamond that is as lasting as itself.

MRS. WM. ARCHER

Tells Mothers What To Do For Delicate Children.

"My fourteen-year-old daughter was very thin and delicate. She had a bad cough so that I became very much alarmed about her health. She was nervous and did not sleep well, had very little appetite and doctors did not help her. Having heard so much about Vinol, I decided to give it a trial. It has helped her wonderfully. She can sleep all night now without coughing once; in fact, her cough is gone. Her appetite is greatly improved and she has gained in weight. Vinol is a wonderful medicine, and I will always keep it in the house. I wish every mother knew what Vinol will do for delicate children." Mrs. Wm. Archer, 223 Broadway, Long Branch, N. J.

This declicious cod liver and iron preparation without oil is a wonderful body-builder and strength-creator for both young and old. We promise to give back your money in every such case where Vinol does not benefit. This shows our faith in Vinol.

ASSESSOR'S INSTRUCTIONS

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sits as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
Assessor San Mateo County.
